Approval of Flight Conditions for a Permit to Fly

1. Applicant		2. Applicant's Reference	
3. Aircraft manufacturer/type		4. Serial number	
5. Aircraft configuration <i>The above aircraft for which a Permit to Fly is requested is defined in:</i>			
6. Substantiations			
7. Conditions/Restrictions <i>The above aircraft must be used with the following conditions/restrictions:</i>			
8. Statement <i>The flight conditions have been established and justified in accordance with 21.708. The aircraft has no features and characteristics making it unsafe for the intended operation under the identified conditions and restrictions.</i>			
9. (Intentionally Left Blank)			
10. Date of issue		11. Name and Signature	
12. CARC Approval and date			

Information to be entered into CARC Form 18-0310 (Approval of Flight Conditions for a Permit to Fly)

The use of this form is required to enable CARC to process applications without undue delay. The individual fields of the application form may be varied in size to allow entry of all required information.

Field 1: name of organisation providing the flight conditions and associated justifications.

Field 2: enter your reference.

Field 5: Add reference to the document(s) identifying the configuration of the aircraft. For change(s) affecting the initial approval form: description of change(s). This form must be re-issued.

Field 6: Please provide all justifications and make references to the document(s) justifying that the aircraft (as described in 5.) can perform the intended flight(s) safely under the defined conditions or restrictions. For change(s) affecting the initial approval form: reference(s) to additional justification(s). This form must be re-issued.

Field 7: Details of these conditions/restrictions, or reference to relevant document, including specific maintenance instructions and conditions to perform these instructions.

Flight conditions/restrictions are established to ensure the safe operations of the aircraft, namely:

- a) the conditions or restrictions put on itineraries or airspace, or both, required for the flight(s);
- b) the conditions and restrictions put on the flight crew to fly the aircraft;
- c) the restrictions regarding carriage of persons other than flight crew;
- d) the operating limitations, specific procedures or technical conditions to be met;
- e) the specific flight test programme (if applicable);
- f) the specific continuing airworthiness arrangements including maintenance instructions and regime under which they will be performed.
- g) the method used for the control of the aircraft configuration, in order to remain within the established conditions.

Field 8: Not to be filled in.

Field 11: Signature of an authorized representative of the applicant.

Field 12: To be filled in only by CARC.
